

# Joshua Cannedy

Software Engineer

Houston, TX | (832) 316-0922

Jdcannedy.com | github.com/jc1989 | linkedin.com/in/joshuacannedy | jdcannedy@gmail.com

Creative software engineer with the ability to pick up new languages and technologies as needed. Prior to being a software engineer, I worked as a communication technician for comcast, and was an active duty Infantry Marine

## Software Development Skills

- Debugging, JavaScript, Node.js, React, Express, Redux, RESTful API, PostgreSQL, Sequelize, Bootstrap, React Native, HTML, CSS

## Education

DeVry University | B.S. in Computer Information Systems | Houston, TX

2016-2020

DigitalCrafts | Certificate in Software Engineering | Houston, TX

Oct 2019 – Mar 2020

- Software engineering training program covering full-stack development including, but not limited to JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL.

## Software Development Portfolio

**BucketList** | bucketlist.com | github.com/jc1989/bucketlist

Jan 2020

- Lead development efforts for a task list software application for users to search sports venues and manage a favorites list
- User experience allows for the ability to create an account, login, and view sports venues all at once or filter by specific sports as well as add them to their bucketlist
- Full stack project built with Node.js, Express, and PostgreSQL

**Project2** | project2.com | github.com/jc1989/project2

Feb 2020

- Lead development efforts for a conversation-generating software application for English as a Second Language (ESL) teachers to use with their students increasing communication effectiveness and efficiency in-class
- User experience allows for the ability to view questions all at once or filter by specific categories as well as randomize the presentation order
- Capstone project built with React, Node.js, Express, and PostgreSQL

**Project3** | project3.com | github.com/jc1989/project3

Mar 2020

- Lead development efforts for a conversation-generating software application for English as a Second Language (ESL) teachers to use with their students increasing communication effectiveness and efficiency in-class
- User experience allows for the ability to view questions all at once or filter by specific categories as well as randomize the presentation order
- Capstone project built with React, Node.js, Express, and PostgreSQL

## Professional Work Experience

Comcast | Communication Technician | Houston, TX

Jan 2016 – Jun 2017

- Provided installation and troubleshooting services for customers in NW Houston.

USMC, Honorably Discharged | Corporal, Machine Gunner, Scout Sniper | Kaneohe Bay, HI

May 2011 – Dec 2014

- Supervised and instructed over 15 personnel in the employment of long-range precision weapons, radio handling and procedures, photography, surveillance, and scout sniper field skills.
- Received certificate of commendation while serving as Scout Sniper Team Leader during battalion integrated exercise 6-13.

Additional details on prior work experience available upon request
